

# APHASIOLOGY

CONTENTS OF VOLUME 12

NUMBER 1 JANUARY 1998

**SPECIAL ISSUE: Issues in Chinese Aphasia**

**Guest Editors: Brendan Weekes and May Jane Chen**

## **Editorial**

- B. Weekes and M. J. Chen* 1

## **Papers**

- The dissociation between nouns and verbs in Broca's and Wernicke's aphasia: findings from Chinese  
*S. Chen and E. Bates* 5
- Classification of aphasic Chinese speakers: cluster and discriminant function analyses  
*E. Yin, L. Worrall and T. Baglioni* 37
- Sentence comprehension in Cantonese Chinese aphasic patients  
*S.-P. Law and M.-T. Leung* 49
- Chinese pure alexia  
*Y. Wengang and B. Butterworth* 65
- Anomia and dyslexia in Chinese: a familiar story?  
*B. S. Weekes, M. J. Chen, H. C. Qun, Y. B. Lin, C. Yao and X. Y. Xiao* 77

NUMBER 2 FEBRUARY 1998

## **Paper**

- Diversity in the lexical and syntactic abilities of fluent aphasic speakers  
*S. Edwards and R. Bastiaanse* 99

## **Clinical Forum**

- Clinical research needs and issues in bilingual aphasia  
*P. M. Roberts* 119
- Bilingualism: a neglected and chaotic area  
*A. Ardila* 131
- Bilingual aphasia: the central importance of social and cultural factors in clinically oriented research  
*P. Roger* 134
- Bilingual aphasia research is not a tabula rasa  
*F. Fabbro* 138
- Reply: Bilingual aphasia: some answers and more questions  
*P. M. Roberts* 141

### Case Studies

- Spatial or afferent aphasia without left-sided neglect  
*B. Croisile and O. Hibert* 147

- Phonological and articulatory disturbances in a case of primary progressive aphasia  
*M. H. Southwood and A. Chatterjee* 161

- Extending conversation analysis to non-verbal communication  
*K. Bryan, J. McIntosh and D. Brown* 179

- Book Review** 189

- Announcement** 191

## NUMBER 3 MARCH 1998

### Paper

- Language impairment in Parkinson's disease  
*F. M. Lewis, L. L. LaPointe, B. E. Murdoch and H. J. Chenery* 193

### Clinical Forum

- Beyond the 'plateau': discharge dilemmas in chronic aphasia  
*D. Hersb* 207

- Discharge in chronic aphasia: a multidisciplinary approach  
*Z. Bonta and D. Weber* 218

- Therapy for life: finding new paths across the plateau  
*C. Pound* 222

- Memories of the 'plateau': health-care changes provide an opportunity to redefine aphasia treatment and discharge  
*R. J. Elman* 227

- A solution to the discharge dilemma in aphasia: social approaches to aphasia management  
*N. Simmons-Mackie* 231

- Reply: Beyond the 'plateau'—but with a map  
*D. Hersb* 239

### Case Studies

- How selective are selective word class deficits? Two case studies of action and object naming  
*R. Jonkers and R. Bastiaanse* 245

- Changes in aspects of speech and language functioning following unilateral pallidotomy  
*C. F. Legg and B. R. Sonnenberg* 257

- Recovery process of colour naming defects in pure alexia—a five year longitudinal experimental study  
*K. Fukuzawa, S. Sasanuma, I. Tatsumi, T. Suzuki and Y. Fukusako* 267

## NUMBERS 4-5 APRIL-MAY 1998

## SPECIAL ISSUE: Lexical Retrieval Disorders

Guest Editors: Matti Laine and Nadine Martin

## Introduction

- M. Laine and N. Martin* 285

## Papers

- Stages of lexical retrieval  
*H. Goodglass* 287
- The semantic deficit in dementia: connectionist approaches to what goes wrong in picture naming  
*T. A. Harley* 299
- Lexical retrieval mechanisms underlying whole-word perseveration errors in anomic aphasia  
*N. Martin, A. Roach, A. Brecher and J. Lowery* 319
- When reading a sentence is easier than reading a 'little' word: the role of production processes in deep dyslexics' reading aloud  
*N. Silverberg, G. Vigliocco, D. Insalaco and M. Garrett* 335
- Naming problems in dementia: semantic or lexical?  
*A. J. Astell and T. A. Harley* 357
- The preservation of sonority in the context of impaired lexical-phonological output  
*S. E. Kohn, J. Melvold and V. Shipper* 375
- Self-cueing of word retrieval by a woman with aphasia: why a letter board works  
*D. Howard and D. Harding* 399

## NUMBER 6 JUNE 1998

## Paper

- The effect of stimulus presentation rate on syntax test performance in brain-injured adolescents  
*L. S. Turkstra* 421

## Clinical Forum

- Diversity in aphasiology: crisis or increasing competence?  
*B. Petheram and S. Parr* 435
- Diversity in aphasiology: a crisis in practice or a problem of definition?  
*R. Bastiaanse and S. Edwards* 447
- Do we really need non-quantitative approaches in aphasiology?  
*S. F. Cappa* 453
- Diversity in aphasiology: let us embrace it  
*R. J. Elman* 456

Explicit integration of approaches to aphasia <i>A. Ferguson</i>	458
A meta-theory of aphasiology: deficit or asset? <i>J. K. Gordon</i>	468
'Diversity in aphasiology': a social science perspective <i>L. Jordan</i>	474
Reply: Plenty of room in the wardrobe: a response to Bastiaanse and Edwards, Cappa, Elman, Ferguson, Gordon and Jordan <i>B. Petheram and S. Parr</i>	481
<b>Case Study</b>	
Acute mixed transcortical aphasia following an infarction in the left putamen <i>N. Nagaratnam and J. S. Gilhotra</i>	489
<b>Book Review</b>	495

## NUMBERS 7-8 JULY-AUGUST 1998

### 27th Clinical Aphasiology Conference

Editor: Donald A. Robin

<b>Preface</b> <i>Donald A. Robin</i>	497
<b>Papers</b>	
A comparison of the mismatch negativity (MMN) event-related potential to tone and speech stimuli in normal and aphasic adults <i>R. T. Wertz, L. L. Auther, G. P. Burch-Sims, R. Abou-Khalil, H. S. Kirshner and G. W. Duncan</i>	499
Investigating the predictors of lifestyle satisfaction among younger adults with chronic aphasia <i>J. J. Hinckley</i>	509
Assessing treatment efficacy in acute aphasia: paradoxes, presumptions, problems and principles <i>C. W. Linebaugh, C. R. Baron and K. J. Corcoran</i>	519
Verb preference effects in the sentence comprehension of fluent aphasic individuals <i>K. D. Russo, R. K. Peach and L. P. Shapiro</i>	537
Conversational discourse analysis: appropriate and useful sample sizes <i>L. Boles and T. Bombard</i>	547
The effects of concurrent picture presentations on retelling of orally presented stories by adults with aphasia <i>P. J. Doyle, M. R. McNeil, K. A. Spencer, A. Jackson Goda, K. Cottrell and A. P. Lustig</i>	561
Effects of training multiple form classes on acquisition, generalization and maintenance of word retrieval in a single subject <i>M. R. McNeil, P. J. Doyle, K. Spencer, A. Jackson Goda, D. Flores and S. L. Small</i>	575
Rule-based treatment for acquired phonological dyslexia <i>D. L. Kendall, M. R. McNeil and S. L. Small</i>	587

Beyond frequency: predicting auditory word recognition in normal elderly adults <i>A. Baumgaertner and C. A. Tompkins</i>	601
Discourse in healthy old-elderly adults: a longitudinal study <i>H. K. Ulatowska, S. B. Chapman, A. Peterson Highley and J. Prince</i>	619
Dissolution of spoken language in primary progressive aphasia <i>M. A. Rogers and N. B. Alarcon</i>	635
Longitudinal treatment of primary progressive aphasia: a case study <i>L. L. Murray</i>	651
The fluency dimension in aphasia <i>J. K. Gordon</i>	673
Perseverative behaviour in fluent and non-fluent aphasic adults <i>N. Helm-Estabrooks, A. Ramage, K. A. Bayles and R. Cruz</i>	689
Generalized motor programme and parameterization accuracy in apraxia of speech and conduction aphasia <i>H. M. Clark and D. A. Robin</i>	699
Single word intelligibility in aphasia and apraxia of speech <i>K. L. Haley, R. T. Wertz and R. N. Obde</i>	715
Treatment for apraxia of speech: effects of targeting sound groups <i>J. L. Wambaugh, J. E. West and P. J. Doyle</i>	731
Linguistic contextual influences on categorization skills after traumatic brain injury <i>M. Strauss Hough, B. Overton Fox and S. DeMarco</i>	745
Use of politeness markers with different communication partners: an investigation of five subjects with traumatic brain injury <i>L. Togher and L. Hand</i>	755
Reliability and validity of an auditory working memory measure: data from elderly and right-hemisphere damaged adults <i>M. T. Leberman and C. A. Tompkins</i>	771

## NUMBER 9 SEPTEMBER 1998

### Review

A model for conducting clinical-outcome research: an adaptation of the standard protocol for use in aphasiology <i>R. R. Robey and M. C. Schultz</i>	787
---	-----

### Clinical Forum

An introduction to supported conversation for adults with aphasia: perspectives, problems and possibilities <i>R. C. Marshall</i>	811
Supported conversation for adults with aphasia: methods and resources for training conversation partners <i>A. Kagan</i>	816
In support of supported conversation for adults with aphasia <i>N. Simmons-Mackie</i>	831

Clinician-researcher dilemmas: comment on 'Supported conversation for adults with aphasia'	
<i>C. Penn</i>	839
Why can't clinicians talk to aphasic adults? Comments on supported conversation for adults with aphasia: methods and resources for training conversational partners	
<i>A. L. Holland</i>	844
Breaking new ground in familiar territory: a comment on 'Supported conversation for adults with aphasia', by Aura Kagan	
<i>S. Parr and S. Byng</i>	847
Reply: Philosophical, practical and evaluative issues associated with 'Supported conversation for adults with aphasia'	
<i>A. Kagan</i>	851

## NUMBER 10 OCTOBER 1998

### Review

Conduction aphasia—11 classic cases	
<i>K. Köhler, C. Bartels, M. Herrmann, J. Dittmann and C.-W. Wallesch</i>	865

### Papers

Semantic paralexias in the Spanish language	
<i>A. Ardila</i>	885
Race, gender, and educational level effects on Boston Naming Test scores	
<i>L. W. Henderson, E. M. Frank, T. Pigatt, R. K. Abramson and M. Houston</i>	901
Using individual and group therapy to remediate word finding difficulties	
<i>C. Eales and T. Pring</i>	913
The psycholinguistics of auditory hallucinations	
<i>I. M. Thompson and D. L. Copolov</i>	919

### Case Study

Situation-specific training for adults with aphasia: an example	
<i>T. Hopper and A. Holland</i>	933

### Tribute

Anton Leischner's contributions to aphasiology	
<i>C.-W. Wallesch</i>	945

<b>Announcement</b>	949
---------------------	-----

## NUMBER 11 NOVEMBER 1998

### Papers

Verb retrieval in action naming and spontaneous speech in agrammatic and anomic aphasia	
<i>R. Bastiaanse and R. Jonkers</i>	951
Spontaneous verbal repetition: a social strategy in aphasic conversation	
<i>M. L. Oelschlaeger and J. S. Damico</i>	971

Influence of rate of treatment on the naming abilities of adults with chronic aphasia <i>J. J. Hinckley and H. K. Craig</i>	989
Conversational turn-taking and repair in fluent aphasia <i>A. Ferguson</i>	1007
<b>Book Review</b>	1033

## NUMBER 12 DECEMBER 1998

### Paper

Acquisition and generalization of mode interchange skills in people with severe aphasia <i>H. Yoshibata, T. Watamori, T. Chujo and K. Masuyama</i>	1035
---	------

### Clinical Forum

SCEMA: a team-based approach to serving secondary students with executive dysfunction following brain injury <i>M. M. Soblberg, B. Todis and A. Glang</i>	1047
SCEMA: the role of school personnel <i>J. Blosser</i>	1061
Serving adolescents with acquired brain injury: Comments on SCEMA <i>M. Ylvisaker and T. Feeney</i>	1066
The SCEMA scheme: a worthy project as yet underspecified, overestimated and unproven <i>S. McDonald</i>	1076
Bridging the gap between research and education reintegration: direct instruction on processing connected discourse <i>S. B. Chapman</i>	1081
Reply: SCEMA: the future challenge <i>M. M. Soblberg, A. Glang and B. Todis</i>	1088

### Case Study

Advantage of semantic language therapy in chronic aphasia: a study of three cases <i>J. M. Annoni, A. Khateb, M. C. Custodi, V. Debeanvais, C. M. Michel and T. Landises</i>	1093
---	------

<b>Book Review</b>	1107
--------------------	------

<b>Announcement</b>	1109
---------------------	------

<b>Acknowledgements</b>	1111
-------------------------	------

<b>Index of Authors</b>	1113
